CAREER OBJECTIVE

A Web Development Student combined with 5+ years of previous hotel management experience aiming to leverage my current academic experience, a proven knowledge of communication, strong team work skills, programming experience, and database design to successfully fill the Junior Web Developer role at Creative Circle. Frequently praised as hard-working amongst peers and colleagues, who can be relied upon to help your company achieve its goals.

PERSONAL ATTRIBUTES AND SKILLS

- Hands on knowledge and experience with Front-end and Back-end web Development (HTML5, CSS3, JavaScript, XML, ASP.NET, MySQL, PHP).
- Fundamental knowledge and experience with React, jQuery.

FEATURED ACADEMIC PROJECTS AT HUMBER COLLEGE

❖ **Animation Project -Dragon Ball Z Semi Interactive Fighting Arena**
Technology : HTML, CSS

This semi interactive game is created in order to showcase the skills and learning by using only HTML and CSS animations.

❖ **Fighter Jets World - CRUD based Project**
Technology : ASP.NET, C#

A unique app created as part the Passion Project where the admin can Create, Read, Update and Delete information to keep the app dynamically updated based on CMS approach.

❖ **Shawarma Kings - Restaurant Website Team Project**
Technology : HTML, CSS , JAVASCRIPT

A Team project mainly focused on JavaScript functionality where a restaurant website was created using Vanilla JavaScript.

❖ **Ticketing System**
Technology : PHP, XML

This project is created with a focus on XML, where XPath is used to manipulate XML DOM elements where a unique ticket is issued to the user to the client where the admin and client can send messages back and forth to solve the issue.
